

How to Answer Question 19: Which Verse(s) from this Study Provide Correction to Help You Grow?

The third attribute mentioned in 2 Timothy 3:16-17 is correction.

1. Review your responses to Question 17 (what the passage taught you) and Question 18 (how you've been convicted by the text), and pray about them.
2. Then, read a clean copy of the passage (not your Scripture-study sheet), along with any cross-references you discovered with Question 14. Look for **verses that mention thoughts or behavior directly connected to what you've learned and how you've been convicted** from this study.
3. Write the verse or verses in your notes and ***commit to memorizing*** or ***displaying them where you'll see them often***.

Hints & Hacks

- Don't limit your search for these verses to the passage itself: on more than one occasion I've found my correction verses in the cross-references I used to answer Question 14.
- It can also help to read the passage and/or cross-references using one or more of the alternate translations you consulted for Question 13.
